To Antique and Classic Boating Enthusiasts Everywhere:

The Finger Lakes Chapter invites you to be part of its 39th Annual Antique and Classic Boat Show in Skaneateles, NY. The Show's setting is along the village pier and in lakeside Clift Park at the north end of 16-mile-long Skaneateles Lake. It is a judged event with unique awards in several categories following the ACBS Two-track Judging System.

Custom-designed docks will accommodate 38 boats along the village pier in enlarged slips with secure tie-downs. Another 40 boats can be easily located in the adjacent park as land-displays. Tree-shaded lawns provide a perfect setting for displays of watercraft and nautical exhibits.

Two miles down the lake is an excellent state launch (no launch fee) where FLC crews standby to assist with the launch and reloading processes. A hallmark of the Skaneateles Boat Show is complimentary valet parking of trailers and tow vehicles so that after launching, exhibitors need only concern themselves with a pleasant boat ride up the lake to the Boat Show venue. Similarly, tow-vehicles and trailers can be taken to the launch for reloading of boats after the Boat Show.

Skaneateles is a picturesque and historic village founded in 1833. Today, it boasts excellent restaurants, enticing boutiques and shops, and beautifully restored and maintained homes on tree-lined streets. Concerts in the park, children's activities, and narrated riding tours of the village are also part of this festive weekend.

All that's needed to complete the picture is your participation! We hope you will plan to make the trip to Skaneateles and enjoy a special weekend with many friends in the antique boating community.

Rick Nelson, President, Finger Lakes Chapter, Antique and Classic Boat Society

Judging Categories

The Boat Show is a judged event with awards in the three judging categories shown below (**Preserved Boats, Restored Boats and Other**). Wooden boats being judged in the Preserved category should be high-scoring boats with at least 60% of the original deck and topside wood remaining. In addition, any restoration work must have been done using the same methods as the original builder. Restored boats are those with less originality. A relatively new award is the Best in Show, Non-Wood which may be won by an entry in either the Preserved or Restored category. The judges, using information supplied by the owner and the ACBS Judging Guidelines, will ultimately confirm the proper category for an entry being judged. Marque Club Awards will be awarded to outstanding examples of Century, Chris-Craft, Gar Wood, Hacker Craft and Lyman boats as determined by the judges. **If entries are to be judged, Registration and Reservation Forms must be received by July 15th.** (Please see page 4 for additional information on return dates.) If you do not want boats, etc. to be judged, please so note in the space provided on the Registration Form.
